# ABOUT US

## HVAC , ELECTRICAL , PLUMBING CONTRACTOR AND BUILDING MAINTENANCE COMPANY

**Freshair Technical Systems LLC** is a leading provider of HVAC and technical services in the UAE. We specialize in delivering innovative, reliable, and cost-effective solutions for residential, commercial, and industrial sectors. With a strong focus on quality, safety, and customer satisfaction, we have earned the trust of clients across the region.

We undertake complete turnkey projects from design to supply and installation of HVAC , Electrical , Plumbing scope of works. In addition to Projects we have dedicated team that meet the requirements of our clients for Building Maintenance and Call Outs.

## INTRODUCTION OF OUR FOUNDER & CHAIRMAN

**Mr. Neduvaccattu Koshy George** arrived in Dubai , United Arab Emirates in the year 1980 from a small town called Thiruvananthapuram in Kerala , India. He identified that there was a gap in the market for good service providers in the field of Airconditioning , Starting his career as an apprentice in the field of HVAC at Juma Al Majid Co. working on several projects and building up his experience , skills and network, after 3 years of working in the Industry in the region he began Freshair Technical Systems as a small shop in Deira , Dubai in 1983 which used to do HVAC Equipment sales and Installations. From humble beginnings and sheer hard work and dedication he built up the company that is Freshair Holdings today , which is involved in the Construction and Real Estate, Electromechanical Industry as well as the Maritime Industry 4 decades later in 2025.

**Freshair Holding is a group company which encompasses the following:**

1. **Freshair Technical Systems L.L.C (Dubai , U.A.E.)**
2. **Freshair Enterprise PVT LTD (Kerala , India)**
3. **Freshair Maritime PVT LTD (Kerala , India)**
4. **Ambassador Stays and Suites (Kerala , india)**
5. **Freshair Hospitality LLC (Dubai , U.A.E.)**

---

## OUR VISION

### 01.

To empower businesses and communities with world-class technical solutions that ensure comfort, efficiency, and sustainability.

### 02.

To continuously innovate and deliver technical services that improve the everyday lives of our customers.

# OUR MISSION

01. To maintain excellence in service through skilled professionals, advanced technology, and strong customer support.
02. To enhance customer satisfaction by providing 24/7 support, quick response, and high-quality workmanship.
03. To deliver end-to-end building maintenance and technical services with precision and reliability.

# OUR HISTORY

**1983**

Founded in the year 1983 at Dubai , United Arab Emirates as a small 100 Sq.Ft Shop selling HVAC spares and doing small Residential Maintenance and Installations which eventually evolved into an Duct Manufacturing Factory , Equipment Supplier (USA and Thailand (FRESHAIR) OEM Brand and a Full Fledged Electromechanical Contractor doing world class projects and active in multiple markets.

1990	1998	2007	2010	2018	2023	2025
Became recognized as a Limited Liability Company and given the official Trade License by UAE Government.	Ducting Fabrication Workshop, Warehouse and Office started at Deira , Dubai.	Duct Fabrication Unit , Warehouse and Office Shifted to company owned 20,000 Sq.ft property in Al Quoz , Dubai. Entered into Qatar Market.	In addition to HVAC Division and Trading Division, MEP Division was started.	India Head Office Started under the name of Freshair Holding.	Dubai Operations Resumed with a primary focus on Building Maintenance and Turnkey Projects for MEP.	<b>FRESHAIR</b> <b>CARE+</b> Mobile App Launched to provide E-Commerce solution to clients and to increase the adoption of tech integrated solutions.

# OUR SERVICES (MEP+)

## QUALITY ASSURANCE

Freshair recognize that in today's competitive marketplace, effective quality systems are essential when providing quality cost effective services to our clients. Management is totally committed to providing Commercial and Industrial construction services that comply fully with the specifications and expectations of our valued clients. Therefore, it is the policy of Freshair to adhere strict and good practices to this quality control program to insure that this program is an integral part of being a successful business.

Full authority for the implementation and administration of the quality controls described in here been delegated to the highly qualified work professionals in Freshair know as "QCM". The QCM has the Responsibility and organizational freedom to identify quality control problems, stop work, recommend solutions and verify resolution of such problems.

The QCM shall also have the responsibility of documenting the establishment Quality Assurance/Quality Control Programs in a manner that strives to comply with applicable Quality Systems. The ultimate objective of our company's QA/QC program is to comply fully or surpass the quality standards established by applicable Quality System.

Project Managers, Senior Project Engineers and Supervisors are responsible for their assigned project's QA/QC activities. They may delegate the performance of their assigned duties to qualified individuals, but they shall retain full responsibility for completing their projects in strict accordance with established quality control policies and the client's specifications.

Our materials adhere to International Standards approved by Consultants and Government Authorities; henceforth, we assure all our services at high profile and to its best standards.

Further, the quality of all subcontractors and vendors shall be the joint responsible of the applicable Professionals. All projects will be executed in a manner that emphasizes safety, quality, schedule and maximum cost effectiveness.

## TESTIMONIALS

To Whomsoever it may concern

We hereby confirm that we have been using Fresh Air in our energy management projects in Dubai and Abu Dhabi. We found them to be very professional in terms of delivery and support. The teams are competent and responsible. We have used them mainly for HVAC related site surveys and installations.

We would be keen to work with them continuously in our upcoming projects and recommend their services to others

For

**Al Futtaim Technologies (EM&S Dept)**

Fadi AlFaris

**Head Of the Department**

**To Whom It May Concern:**

This is to certify that Freshair Technical Systems LLC has been the Air conditioning Maintenance Contractor for a decade with **Emirates / Dnata's** various locations (viz., ALC, IFS, IT Centre, EK Engg, EK Stores, Training Centre, Travel Shops all over UAE and EK & DNATA accommodations – MD'S and all other Senior Managers villas and continues to render their services in accordance with the contract. Ever since the appointment as the A/C Contractor, their service is prompt, time bound and uninterrupted operation. I do appreciate the operational skill of their indoor and outdoor personnel for their diligence & satisfactory performance all these years.

I take the pleasure of recommending Fresh Air Technical Systems LLC for their reliable and qualitative works. Freshair Technical Systems LLC being the Sole Agent of their own Brand of air conditioners '**FreshAir**' of USA origin, are as efficient as of other branded ones and their performance well suited to Middle East Travel Shops of the world in Tanzania, Sri Lanka, Baku, Bangladesh, Entebbe etc. Freshair Technical Systems has a well equipped spare parts department and their spread out infrastructure adds on to their efficient service at any critical situation meeting the given dead line. The skilled work force is capable of handling and maintaining any type of air-conditioning system.

Emirates / DNATA's Maintenance Division appreciates Freshair Technical Systems LLC for their Satisfactory and their Time Bound Satisfactory Performance.

As a Chief Engineer of our esteemed organisation, I am impressed with the cooling ability of the 'FreshAir' brand and with the workmanship and reliability of the workforce and most of all the Customer Service is excellent.

I Wish Freshair Technical Systems LLC GOOD LUCK and March ahead with the Millennium.

Thanks and Regards,  
For DNATA/EMIRATES Group of Companies.

Patrick Wilfred Farrell  
Chief Engineer (Maintenance Department)

Dear Sir

**VILLA 217 - JEBEL ALI VILLAGE**

Dutco Balfour Beatty lease the above villa and, being their employee, I am presently the tenant of the same. The A/C system in this villa has recently been completely refurbished/replaced by your Maintenance Company present on the village. After discussion with the team allocated to do this job, the work was undertaken in a very efficient and timely manner and to a very good standard. The foreman and workers listened to my advice and comments, took them into consideration and followed them through. The finished job is a credit to your Company. As your Maintenance Company are fairly new to the village, I thought you may be interested to know how your employees perform their work.

Your sincerely,
